

# RESUME

Saaketh Balusu

Phone Number: (551)-226-3281

## Profile Summary

- Experience of 1+ years in Mainframe application development. Over the course of the career, I have had responsibilities of Developer and QA Tester/Analyst in various projects executed under the onsite/offshore model.
- Outstanding technical and analytical skills, with extensive knowledge and hands-on experience in languages such as COBOL, JCL, VSAM, DB2, CICS and IMS using structured programming techniques in Mainframe systems.
- Experience as Offshore POC involving extensive interaction with clients as well as onsite team.
- Extensive working knowledge in complete life-cycle development, including analysis, design, development, deployment, testing, implementation, and maintenance of mainframe Batch applications.
- Self-motivated, innovative contributor, capable of providing workable solutions to users. Excellent presentation, organizational and communication skills. Ability to work under continual deadlines and constraints.
